

Dear visitor!

Our school is located in Pestszentimre, in Táncsics street. Institution is familiar, we are in direct daily contact with parents. The building is attractive, bright and friendly atmosphere, away from busy roads so there's fresh air here. In compliance with the needs of children there is a charming playground in the yard. There are human, language, science, information technology, visual culture, music, eco-specialist classrooms in the building.

School program dedicated to the complexity, the balanced development of the child's versatile personality. The main profile of the German national education, which is within five lessons per week for children from the first grade to learn the German language. The traditional occupations of the people get to know of tradition and culture. Exchanges through Bavaria in Germany provide travel opportunities to practice language. Our daily work on competency-based education is permeated by methodological diversity, based on the knowledge acquired through cognition. Our aim to give students a usable knowledge in everyday life at the end of primary school education. Confirming this, in lower grades boarding school, in upper grades day-room and study sessions are provided.

Pedagogical development work is helped by our teachers, school psychologist, physiotherapist, speech therapist.

We provide high quality recreational activities for our students: sports, singing, music, crafts, dance, drama, talent development workshops, competitions, contests, camps, trips, open-air school, theater, concerts and visits to museums.

It is possible that students are involved in the lessons of the local music school called Dohnányi.

Modern teaching equipment, library, reading room, internet access, friendly, well trained, conscientious teaching staff is waiting for our children.

Since 1997, the Foundation helps the successful implementation of our educational program, as well as the health education of children the population. It supports people in need of talent potential.

Open Days occasion of all our visitors can get insight into the life of the school.

If we won your approval, please visit us!
